Description

Josie is a classic looking small motor cruiser circa 1956, now for sale exclusively with DBY Boat Sales.

Remarkably roomy interior and full headroom for only 24ft in length.

This Cam Fisher 24 has had a new 20hp Nanni Diesel engine fitted around 2014 and there are low hours showing since then.

Recently, most of the wiring was replaced all the way back to the new helm area.

The interior has lots of warm timber varnished surfaces and plenty of bunks seating. All cushions are recently upholstered. In total she could sleep 4 adults plus 2 children.

The cabin top is solid and suitable for sunbaking or diving off. There is a small solar panel on the roof to charge up the 2 batteries.

The aft covers unzip and roll up on 3 sides to really open her aft swim platform and entertaining areas up. The covers are easily removed completely and with the forward opening deck hatch, provide plenty of fresh air throughout.

Right up forward is an enclosed marine toilet.

The galley is really just a benchtop and running water comes from a jerry can. There is no plumbed water inside the boat.

Features

Designer	Cam Fisher
Builder	Cam Fisher
