Hull Style	Single	Hull Type	GRP
Power Type	Sail	Stock Number	PWCA362889
Condition	Used	State	New South Wales
Suburb	LANE COVE	Engine Make	

Description

2001 Catalina 36 Mk II now for sale.

This 2001 model Catalina 36 is easily handled by a couple, has a big comfortable cockpit, a spacious interior with two private cabins and the integrity to pursue cruising dreams; many experienced sailors consider the Catalina 36 the perfect boat for their sailing lifestyle.

The Catalina 36 MkII has all the important characteristics that made the original the most popular 36-foot sailboat in the world. The Mark II Catalina 36 is built in the same seakindly moderate displacement hull. It tracks surely and performs well in a variety of conditions. The deck is the classic trunk cabin configuration - proven, comfortable and functional.

The main cabin and galley have received special attention to design and detail. The galley is a functional 'U' shape, with composite countertops, the sinks are near centreline for proper drainage underway. A large refrigerated ice box is aft and a dry food locker is forward. A gimbaled, stainless steel LPG stove with oven. The main cabin can be arranged with a dinette or traditional table. The two seats and game table to starboard can be made into a settee or berth with the cushions provided. The entertainment centre cabinet can be fitted with a stereo and concealed TV.

The main cabin and all interior teak has the warmth and durability only obtained with multiple coats of varnish. The 36 has stainless steel hand rails and anodized spars, reducing maintenance on deck and extending the sailing season. The mechanical, electrical and plumbing systems have been re-engineered to increase dependability and accessibility.

Engine access, for example, is excellent, with the one-piece, insulated enclosure removed. The hull is rugged, hand-laminated, solid fiberglass; the keel is lead with integrally cast stainless steel bolts.

The mast is stepped through the deck on the keel and has inline spreaders and fore and aft lower shrouds, a sturdy arrangement that is easy to tune.

Catalina 36 Mk II Specifications -

Standard Equipment - 135% Furling Genoa, Dacron with UV Protection - Mainsail, Dacron with Reef, Full Battens and Dutchman Flaking System - Internal Halyards, Low Stretch Sail Handling - Inboard and Outboard Genoa Tracks - Traveler Control w- Adjuster System - Low Lead Genoa Blocks - Winch Handle - Self Tailing Mainsheet Winch - Main Halyard Led Aft, with Sheet Stopper - Boom Vang, Rigid Adjustable Type - Two Jib Halyards, Led Aft, with Sheet Stoppers - Single Line Mainsail Reefing System - Mid Boom Sheeting with Traveler - Two, Two-Speed Self Tailing Primary Winches - Self Tailing Jib Halyard Winch - Headsail Furling Gear Propulsion.
