## Description

This Island Gypsy 30 foot flybridge motor cruiser built by Kong and Halvorsen in 1983 is impeccably presented lying here in Pittwater and is now for sale. One of the best we have ever seen and exclusively with DBY Boatsales.

She features a roomy and functional flybridge steering station that was replaced with fibreglass in 2012. The flybridge and cabin exterior were repainted also.

With gorgeous panoramic views from the whole upper helm area with collapsible bimini for weather protection when required. You can also choose to drive from the lower helm in the saloon which gives full shelter in any weather and is closer to the fridge.

The aft cockpit area is well shaded and a delightful place to spend time relaxing. Generous walk around teak decks that were rejuvenated in 2012, and her overall abundant space make her an ideal family cruiser.

For those that love a little bit of classic history in their boating lifestyle - this one will never go out of style and will turn heads wherever she goes.

Halvorsen built boats are well known for their parquet flooring and interior teak joinery that give her a very stylish edge which is unknown to most other cruisers.

Stainless steel fuel tanks feed diesel to the Ford Lehman Tempest 120hp, 6 cylinder diesel engine which has an excellent service history and is extremely economical to run.

She has 180 watts of solar power and a large Inverter/charger for those power items you just cannot leave at home and this allows ample time away without the need to run the engine for charging.

New batteries 2018. February 2019 antifoul and annual maintenance.

Tons of storage in numerous lockers and cupboards plus a huge engine bay area for water toys etc. She sleeps 4 comfortably and is a delight to spend time in.

All the detailing has just been done so she is ready to crank up the BBQ and enjoy this summer.

Get in early to avoid disappointment.
