Description

Lagoon 450S.

A 2022 model, 3 cabin owners version layout is now available exclusive to DBY Boat Sales.

A one owner (lady) since new and absolutely pampered from France to Australia, she is fully imported and presents better than a new boat.

Loaded with factory aftermarket options, MOANA is 100% ready for her next owner to enjoy and sail away to anywhere they like.

The Lagoon 450S offers uninterrupted access to the huge saloon area from the open and spacious cockpit and also the double seat raised helm position. The alfresco dining area accommodates 8 with ease, plus the luxurious queen-sized daybed is alongside to starboard. Enhanced sailing performance due to the tall, forward mast setting with all control lines, led to the raised helm. Views are almost 360 degrees at the double helm seat with minimal interruptions which provides for easy manoeuvring and safer passage making.

The 450S has a lower boom setting than the 450F which reduces the centre of gravity and inertia on the rig, while the enhanced forward buoyancy from the chines inside the bows and the optimised sail plan with the addition 110 sqm asymmetric furling spinnaker result in a faster, more stable, and comfortable ride.

When the sails are down, MOANA is driven by one or both of her 57HP Yanmar diesels, easily capable of reaching up to 9+ knots. Enjoy peace of mind with very low (1,200) engine hours and logged annual servicing, most recently in October 2024 completed by a Yanmar certified mechanic. Antifoul was carried out in October 2024.

Inside, MOANA features a spacious, well designed and popular 3 cabin/owners version layout with an Alpi walnut finish. The large galley-up design offers great views for the chef who can connect easily with family and friends whilst cooking, abundant storage, and high quality fittings that are on par with luxury homes.

Numerous extras have been installed, including 2.3 KW of high efficiency solar panels, 12,000W of lithium batteries, a 5,000W Victron inverter, a Dessalator 100 duo watermaker, a 3 burner cooktop (with an additional induction option), a 7kg washing machine, Starlink, and an asymmetric spinnaker.

In addition to standard features, MOANA is equipped with numerous factory fitted options, such as LED lighting throughout, blue courtesy lights at the boarding steps and cockpit, advanced engine instrumentation at the helm station, and a dedicated seawater pump at the galley and deck, to name just a few.

MOANA has been meticulously maintained, fully equipped with the highest quality systems available, and is turn key ready for her next voyage.

To arrange an inspection on this luxurious catamaran or for a detailed inventory, please call us on 02 9999 3311 or email us at sales@dbyboatsales.com.au
