Hull Style	Multi	Hull Type	Fibreglass
Power Type	Sail	Stock Number	MHLE473189
Condition	Used	State	New South Wales
Suburb	NEWPORT	Engine Make	

**Description**

2004 Leopard 47 now for sale exclusively with DBY Boat Sales.

Pussy Galoreis an appropriately named, very large volume 47ft Leopard catamaran with 4 huge cabins plus additional 2 berths in the saloon if required. The feeling of abundant space is immediately obvious.

The cockpit area is very large for a 47ft cat and has clever seating, all cushioned, around an outdoor table that seats 8. The slightly raised double helm seat is to starboard and allows the skipper to view all 4 corners of the vessel whilst being also able to talk with the crew, family and guests. It puts the skipper right in the middle of all the action.

The galley is a U-shaped design and feels just like home. It's on the same level as the whole upper saloon and cockpit entertaining areas. Everybody is on the same level which is brilliant. Stepping down below the galley and saloon area is a generous double cabin in each point of the hulls. All cabins are queen sized and support private ensuites. The hallways are wide and airy with natural light flowing in everywhere.

Moving around the outside of the boat to go forward is simple as all passage ways are wide and uncluttered. The trampolines are large and both sides have dolphin viewing seats forward on the rail. The forward-facing window louvres become steps up to the base of the mast and also function well as seats whilst admiring the views. On this large relatively flat section of the boat is where the access for water tanks and anchoring are located.

Out the back of the boat is the 2 access points to the water. A stainless-steel swim ladder is mounted and there is also a cold shower for rinsing off. The 3 large solar panels are located above the dinghy davits.

Sail handling is a simple operation with the genoa on a furler and the battened main in a boom stacker with lazy jacks. Both sails are around 2010 plus there is a 150sqm gennaker and 180 sqm downwind asymmetrical which are both in good condition.

Powered by Yanmar 56hp shaft driven diesels which are well maintained and showing around 5800 hours on the meter.

**Features**

Designer	Robertson & Caine
Builder	Leopard
Water (Potable) Capacity (l)	800
Hull Construction Material	GRP
Hull Type	Catamaran
Deck Construction Material	Textured GRP
Country Origin	South Africa
Length (feet)	47
Length (m)	14.24
Length Waterline (m)	12.99
Beam/Width (feet)	23'8
Beam/Width (m)	7.23
Draft (m)	1.25
Draft (feet)	4'1
Keel/Ballast	Sacrificial mini keels
Number of Helms	1
Displacement	9890 kg
Engine Notes	Yanmar 4JH-3E x 2, 56 hp diesel shaft driven
Number Of Engines	2
Engine Standard	Yanmar 4JH-3E
Stroke	4
Engine Hours	5800
Horse Power (hp)	56hp each
Drive Type	Shaft
Engine Room	Located in sealed aft section behind watertight bulkhead with easy access from lift up hatches on strut.
Generator	No
Number of Batteries	8. 2 x crank 6v, and 1 x 6v House.
