| Condition | Used | State | New South Wales |
| Suburb | NEWPORT | Engine Make | |

Description

A beautiful cruiser in fantastic condition - waiting for the next owners to enjoy as much as the current owners have!

The almost new motor has very low hours as it was only installed just over 12 months ago. Service history and receipts available.

The Mustang 3200 Sports Cruiser SE epitomises sports cruiser qualities with sporty good looks, power to burn and an interior/cockpit layout that defies the boat's physical dimensions.

Step onto the 3200 and you instantly get a taste of what's in store. The split-level dive platform is wide and open with room to fold out a deck chair, throw over a line or take a late afternoon shower from the retractable shower tucked into a moulded cabinet on the port side aft combing.

Take two steps up and you find yourself on the second transom platform with ample room to throw down a towel and catch some sun. It is here that the first of Mustang's clever bits comes in to play - a moulded transom recess for the all-too-hard to stow fenders. If fishing is your thing then twin rod holders set into the aft combings will be useful. Swing open the moulded transom gate on the starboard side of the cockpit and you are surrounded by plush seating- the aft cocktail lounge, the helm station or the two-seater wrap around settee opposite.

Immediately to port side in the 3200 cockpit is the removable new teak table and twin two-seater vinyl covered settees. These can be used to form a spare double berth by simply removing the table and folding the aft settee back into a transom recess. This opens up the entire cockpit sole to provide a dance floor if and when required. Opposite the lounge is the moulded wet bar. This features a sink with hot and cold water and an icebox.

Immediately forward of the wet bar is the helm station. This features a large white moulded helm module with recessed fascia housing an extensive array of VDO marine instruments and Volvo engine management. The view through the wraparound five-piece safety-glass windscreen, with side opening vents for fresh air, is excellent. A mahogany-looking Italian-made tilt sports wheel gives the boat a Miami Vice-like quality.

Hydraulic steering takes the fight out of the twisties and the Volvo throttle control and bow thruster are well positioned and easy to use. The helm seat folds down to provide comfortable seating for two and can be folded back giving plenty of room to stand at the wheel. Nice touches include a moulded foot well under the wheel and a side pocket for small item storage. Access to the foredeck is through the centre section of the windscreen and reached via three steps moulded into the helm console.

Directly opposite the helm station is the curved two-seat lounge set on a moulded platform a step above the cockpit sole. This is an ideal spot to kick back when underway and provides good all-round views for passengers. Moving about the cockpit is a treat with a wide-open and carpeted companionway that makes for easy foot traffic. The look of the boat is greatly influenced by the moulded targa arch that wraps around the boat just aft of the helm station. This is the ideal location for stereo speakers and cockpit down lighting.

Down below and immediately to starboard is the head and shower. There is six-foot plus headroom and the one-piece liner will ensure easy cleaning. The bathroom features a curved vanity unit with a single mixer with retractable shower head. There is good storage both above and below the sink unit and a recessed toilet roll holder. The head has fluoro lighting and a side-opening port hatch complete with curtain. Directly opposite the head is the galley. A stone bench top with a two-burner gas set in with a polycarbonate top. There are plenty of cupboards and drawers for kitchen utensils. A small 12/240-volt fridge is set under the counter top. The lockers and drawers are timber and finished in gloss.

The main double is set up into the bow. The berth is finished with richly upholstered side pocket shelving, mirrored headboard, chrome down-spots and circular overhead hatch. There is plentiful storage under the berth.

Overnight guests are catered for with a full-size double set athwartships under the cockpit sole and accessed from the port side. This, too, has twin spot lighting and mirrored head board.

The overall interior finish is very high with stitched vinyl linings that butt up nicely to the internal joinery and the leather-covered sofa adds a touch of panache. Courtesy lights on the companionway steps and in the foot of the forward berth are also a nice touch. Headroom is generous throughout.

Mustang Cruisers is Australia's second largest boat manufacturer behind the Riviera Group and is at the forefront of sports cruiser design. Mustang is also a company on the move, winning the Australian Exporter of the Year Award.

This Mustang features a great entertainment area for dining, with brand new BBQ. The saloon is fitted out with galley, sink, brand new fridge, stove top, new microwave, wide screen TV incl DVD. 2 double USB outlets have recently been fitted in the galley and cockpit making it easy to keep all your hand held devices fully charged whilst out on the water.

It rides beautifully with plenty of room for several days out on the water. Also included is a full inventory of newly purchased quality

kitchenware. This much loved boat is only being sold as the sellers are moving interstate. Currently moored at Pittwater on Sydney's northern beaches. Can include new dinghy and recently serviced outboard motor plus large lily pad for additional cost.

Recently anti-fouled in March with a full hull polish top and bottom plus new anodes, 2 new sea-cocks and brand new bow thruster fitted making manoeuvring a breeze.
