Suburb	NEWPORT	Engine Make	Mercruiser

Description

Searay 270 Sundancer in immaculate condition.

This 1999 Searay 270 Sundancer is for sale exclusively with DBY Boat Sales and presents in immaculate condition.

A fun dayboat capable of carrying up to 12 passengers, and with seating for up to 15 people, no-one is going to be cramped for space on the Sea Ray 270. As well as generous bow areas the cockpit has very accommodating arena seating and a huge transom sunlounge. And with biminis extending over the cockpit, there are loads of shady seating.

Overnighting is easily possible with up to 6 berths including a large V berth queen forward, an aft double and a drop-down settee table that could extend to another single or small double.

Aft of the sunlounge is a full-width swim platform – teak clad and equipped with a nicely concealed swimladder. The swim ladder section can be dropped down, deep into the water for a spa-like experience.

As you’d expect the seats lift for storage and the spaces are neatly moulded bins suitable for use as coolers that drain into the bilge.

Infills that convert the bow bedding into a giant queen size are easily stored in the generous storage areas. Side sections have comfortable back support and armrests for stretching out full length and in easy reach of holders for the pina colada.

A port side door and a centre screen can close off the walkthrough to the cockpit from the bow. This eliminates the breeze when underway, the screen diverting the airflow well overhead. Closing off the bow section might also add the benefit of segregating children to their own play area on those occasions when parents prefer a bit of quiet time.

The 270 Searay boats aren’t short of storage space. The L-shaped lounge to port has an insulated hold underneath, there’s another large floor locker and a cooler in the walkway from the swimladder, while the moulded hold under the starboard lounge is refrigerated.

The large sunlounge at the stern teams with the full-width swim platform to make a very desirable place for enjoying the sunshine and water. It also makes a third separate space for guests to gather at anchor.

At the helm, the seating is cosy for two and massive for one to stretch out. On the passenger side, there is a glovebox and loads of drink holders. Stepping down below there is a roomy head with good headroom and opening portholes, vanity with sink. Vacuflush toilet with holding tank.

An inspection will not disappoint.

Features

Length (feet)	27
Colour	White
Number Of Engines	1
Engine Standard	Mercruiser 7.4 MPI V8
Engine Hours	810
Horse Power (hp)	310
Drive Type	Sterndrive
